

Evaluation Subcommittee
1/24/07

Present: Drs. Duckworth, Ritz, Romrell, Miller, Novak, Hagen Cynthia Karle, Lou Ann Cooper
Penny Thomas

The purpose of the meeting was to review the PBE report that was submitted by Drs. Cendan and Duerson. It was noted by Dr. Ritz that there was a discrepancy in what "PBE" stands for. In the report it is "Patient-Based Evaluations"; in the guidelines, it is called the "Performance-Based Examinations". The exact name needs to be clarified. It was also stated that this is the first report on the PBEs that has been submitted. There did not appear to be a discussion of the administrative structure or the overall philosophy of the PBE in the written report as required by sections A2 and A4 of the guidelines. The objective section was discussed in the report, but more clarification is needed. The feedback to student section of the report also needs more explanation. Sections E-G of the recommended guidelines also were not included in the report.

The meeting adjourned at 1:00 PM
