**MANDATORY IMMUNIZATION  
AND  
HEALTH HISTORY FORM**

All entering medical students are required to submit the attached ***Mandatory Immunization and Health History Form*** before they are approved for registration. Please note: both sides of this form must be completed.

The University requires all students to present documentation of MMR. In addition to the MMR, the College of Medicine, **requires** the following:

- Tuberculosis (PPD): Documentation of having PPD placed and read within the past six months. All medical students are required to present documentation of a PPD **yearly** while enrolled in the M.D. program.
- Hepatitis B: Documentation of series of three doses. Must be completed by the end of the first year of medical school.
- Chickenpox (Varicella) Documentation of Varivax **OR** a titer.

**Mail or fax this form as soon as possible to:**
