5. **Training Opportunities**

WHO SHOULD ATTEND?

The Health Science Center, Research Administration Roundtable is a monthly discussion session facilitated by the College of Medicine Research Administration and Compliance (RAC) office.

The sessions are intended to allow research administrators within the College of Medicine and Health Science Center colleges to come together to discuss issues related to research administration at the University of Florida.

The sessions also serve as a mechanism to disseminate information regarding new and/or revised policy changes implemented by the institution, college and/or sponsoring agencies.

The roundtable sessions are open to any person within the Health Science Center responsible for and/ or some way involved in pre-award and/or post-award research functions.

Please note: Space is limited! If you plan to attend, please e-mail RAC at com-research-admin-comp-l@lists.ufl.edu, ASAP!

If you have any questions contact Aundrea Corbit at 273-5398. Send suggestions and/or comments regarding future topics to aundreac@ufl.edu with "Roundtable Suggestions/Comments" in the subject line.
