

Project Priorities

Please select projects from the list below that you think we should work on first. Each project has a "cost" associated with it -- \$1 to \$6 (not the actual project cost). Please select projects that total no more than \$10.

Project Number	Project Description	Project Cost	Number of Votes
1	Delete proposals. Provide authorized individuals with the means to delete proposals from the system	\$1	15*
2	Proposal and award reports by college, department and unit. Would provide "slice and dice" capability. Includes time periods, amount requested, department, unit, PI, award amount, title, subject area, "hit rates"	\$6	25*
3	Fringe calculator improvements. TBA, NIH cap, other improvements	\$1	12
4	Cost share improvements. Report cost shares as part of the budget. Use cost share information in effort reporting	\$4	1
5	Budget at Level 5 with local ability to rebudget.	\$3	6
6	Reports for managing distributions.	\$4	6
7	Improve the print proposal capability to show resource commitments	\$1	9
8	Revenue reports	\$4	15*
9	Link contracts to associated project(s)	\$1	10
10	Improve the look up of awards, contracts and projects	\$2	6
11	Grant and PI Summary reports should be based on project year, not fiscal year	\$4	23*
12	Provide a one-stop project summary page similar to that available through the legacy system	\$2	17*
13	Inactivate HR acct_cds that have never been used	\$1	3
14	Write-in #1 – Close projects to disallow any charges		1
15	Write-in #2 – Include PI, Agency, deadline on work list		1

46 worksheets collected from HSC research admins – Gainesville (42) and Jacksonville (4)

Top 5 projects are marked with an asterisk (*). Work will begin shortly on these items.
